

WE DON'T NEED BPL!! Talk about an invasion of PRIVACY! Another decision made by someone who doesn't know what he is doing is going to ruin Radio Communications for an awful lot of people. It is my private decision to use the communications systems available to me at the present time and I am having NO VOICE in the making of a HUGE CHANGE!! That is NOT DEMOCRACY!!

NO BPL NO BPL NO BPL NO BPL NO BPL NO BPL NO BPL NO BPL
